
Recently published architectural books and related works, selected by _____ Architecture Librarian, Syracuse University Library.

A new website <<http://www.nit-istanbul.org/kielarchive>> has been launched which makes available the _____ installment of files from a project for the digitization of the vast photographic archive of the Dutch historian Machiel Kiel. Kiel is a scholar whose career has revolved around the study of Ottoman-Islamic architectural monuments in the Balkan countries. Created for the most part between the 1960s and 90s, it contains visual documentation of many monuments that have not survived, or have been significantly altered in, the second half of the twentieth century.
